On 15-03-2019

Department of Computer Engineering

D.A. Diploma Engineering and Technology (682)

Mahemdabad

Computer Engineering Department of D.A.Diploma engineering college organized a technical visit on 15th,March 2019 in which 48 students and two faculty members (Prof. Krunal Darbar, Prof. Manalee Thakore) visited the TOPS Technologies, Ahmedabad.

TOPS Technologies, Ahmedabad . IT is one of the most significant IT Training, Outsourcing Placement and Study Abroad company. They offer quality IT Project training in PHP, Android development, iPhone Development, Java, website design, software development, Testing in their multiple offices located in Ahmedabad, Baroda, Rajkot, Surat, Navsari, Udaipur, Mehsana in India and sales offices in Chicago, IL and Mountain View, CA in the USA.

TRAINING:

Started with a vision of bridging the gap between skills required and talent created by colleges, today TOPS Technologies is one of the most significant IT Training and Finishing Schools with expertise in ASP.Net Training, PHP Training, Java Training, iPhone Training, Android Training, Software Testing Training, SEO Training, Web Design Training. Today we have Software Development training centres in Ahmedabad, Baroda, Rajkot, Surat, Navsari, Mehsana, Udaipur, Indore and Bhopal. As one of the largest Software Development company in Gujarat, we have also been accorded the Microsoft Silver Learning Partnership by Microsoft Corporation.

OUTSOURCING:

At TOPS Technologies they don't like to be termed as just an Outsourcing company, they believe in becoming our solutions partner. Their approach of You think it, we build it gives us the perfect mantra for the work we do. Their implementations have benefited organizations in creating the best solutions along with significant cost savings. Today, They have a team of 100+ developers with varied expertise in designing some of the best web/mobile applications.

PLACEMENT:

They Provide placements to students ahead after completing their training from TOPS Technologies.

STUDY ABROAD:

They provide coaching for ILETS also from their company.

AT, TOPS Technologies students have ask questions to their developers working on different languages and they get the answers from them in a good manner.

Acknowledgement

We gratefully acknowledge the guidance and encouragement given by our college(D.A.Diploma engineering and technology)for the technical visit. We are thankful to officials of TOPS Technologies, Ahmedabad to invite us at their companies head branches.
